

## Sacramento Report

By  
**CHARLES  
CHAPEL**

Assemblyman, 46th District

### Change of Address

The California Legislature has adjourned. Please address my mail to P. O. Box 777, Inglewood 1, Calif.

We Have No Franking Privilege

Unlike Congressmen, members of the California Legislature have no franking privilege. When we are in session, we are allowed stamps by the state, but when we are not in session, we buy our own stamps. Therefore, it is appreciated when those who write to us enclose stamped, addressed envelopes.

### Bear Flag Law

One of the most interesting laws we passed was the Bear Flag Law introduced by Senator Jack Tenney, which I carried through the Assembly. Before the enactment of this law, the State of California flags were made with a great variety of colors and shades. The bear on the flag was the worst feature. Sometimes it resembled a bear, but often it looked like a pig, a wolf, or a cross between the two. These defects were overcome by the new law.

### How the Flag Looks

As viewed with the hoist end of the flag to the left of the observer, there appears in the upper left-hand corner of a white field a pointed red upper left-hand corner of a white field a five-pointed red star with one point vertically upward and in the middle of the white field a brown grizzly bear walking toward the left with all four paws on a green grass plot, with the head and eye turned slightly toward the observer; a red stripe forms the length of the flag at the bottom, and between the grass plot and the red stripe, appear the words CALIFORNIA REPUBLIC.

### Dimensions

The hoist or flag width is two-thirds of the fly or flag length; the red stripe width is one-sixth

of the hoist width. The state official flag hoist widths shall be two, three, four, five, six and eight feet. The diameter of an imaginary circle passing through the points of the star is one-tenth of the fly length; the distance of the star center from the hoist end is one-sixth of the fly length and the distance from the star center to the top of the flag is four-fifths of the hoist end. The length of the bear diagonally from the nose tip to the rear of the right hind paw is two-thirds of the hoist width; the height of the bear from the shoulder tip vertically to a line touching the bottoms of the front paws is one-half the length of the bear; the location of the bear in the white field is such that the center of the eye is midway between the top and bottom of the white field and the midpoint of the colors on the flag are to be substantially the same as these color references. White—of the white field, front on the bear's eye and the bear's claws is "White," cable number 70001. Red—of the red stripe, the star, and the bear's tongue is "Red Glory," cable number 70101. Green—of the grass plot is "Iris Green," cable number 70180. Brown—of the bear is "Maple Sugar," cable number 70129. Dark Brown—of the bear outline paws, shading, fur undulations, iris of the eye, the 12 grass tufts in the grass plot, and the letters is "Seal," cable number 70108.

### Official Flag for All Purposes

This shall be the official State Flag of all state, county, city and town agencies. The flags now issued or in use shall continue in service until replacement is required.

### Colors

The following color references are those of the Textile Color Card Association of the United States, Inc., New York. The

SHOWMANSHIP MEDALISTS... Dawnen Nannings (left) took the junior division showmanship honors and Phyllis Fleming was judged tops in that phase of the senior division competition here last Saturday.

### L.A. School Board Picks New President

The Los Angeles City Board of Education Wednesday elected Dr. Hugh C. Willett to serve as president for the current school year starting July 1. The 67-year-old former USC mathematics professor is a native of Canada and succeeded Paul Burke.

Dr. Willett was made a member of the board last July by appointment. The new Board of Education president is president emeritus of USC and past president of the NCAA and has been an educator for 30 years.

### Legion Election Scheduled for Night of July 7

A hotly contested race for the office of junior vice commander will reach its climax and be featured in the annual election of officers of the Bert S. Crossland American Legion post next Tuesday, July 7th, at 8:30 p.m.

Clark Morris, active hospital committee chairman of the local veteran's organization, will be opposing Stanley Blank, nominated from the floor at last month's meeting, in the contest for second vice commander.

Unless additional nominations are made on election night, Gordon Arnold, present first vice commander, will run unopposed for the top legion post—that of post commander. Commander Harry Green's adjutant, Bob Ernst, thus far, is the only nominee for the office of first vice commander.

Vernie Babcock, seeking his third term as finance officer, has no opposition for that office, while Vernon Coll remains unopposed in the race for service officer.

Nominations for all offices will remain open on election night until formally closed by Commander Green.
